# It's Pension Awareness Week

Posted September 11, 2024

## What's Pension Awareness Week?

Pension Awareness Week is an annual engagement campaign, started by pension communications consultants “Pension Geeks”, now partnering with Royal London. It's celebrating its 11<sup>th</sup> birthday this year, and from small beginnings is starting to grow into a key event in the pensions industry calendar.

Head over to the [Pension Awareness Week](#) website to sign up for live webinars on pensions, financial wellbeing, budgeting and debt. The aim is to “break jargon-juiced money topics into simple bite sized chunks to help you take control of your retirement – whenever it may be – like never before.”
